

114TH CONGRESS
1ST SESSION

S. 1020

To amend title XVIII of the Social Security Act to ensure the continued access of Medicare beneficiaries to diagnostic imaging services, and for other purposes.

IN THE SENATE OF THE UNITED STATES

APRIL 21, 2015

Mr. VITTER (for himself and Mr. CARDIN) introduced the following bill; which was read twice and referred to the Committee on Finance

A BILL

To amend title XVIII of the Social Security Act to ensure the continued access of Medicare beneficiaries to diagnostic imaging services, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,*

3 SECTION 1. SHORT TITLE.

4 This Act may be cited as the “Diagnostic Imaging
5 Services Access Protection Act of 2015”.

6 SEC. 2. FINDINGS.

7 Congress finds the following:

1 (1) Significant reimbursement cuts to the Medi-
2 care physician fee schedule should be based on de-
3 tailed empirical analysis data.

4 (2) On multiple occasions since 2011, Congress
5 has requested the Centers for Medicare & Medicaid
6 Services (CMS) to provide the data used to establish
7 its 2012 multiple procedure payment reduction to
8 the professional component of imaging services.

9 (3) CMS never provided the requested data to
10 Congress.

11 (4) Enactment of section 220(i) of Public Law
12 113–93 on April 1, 2014, mandates the disclosure of
13 CMS data used to determine its 2012 multiple pro-
14 cedure payment reduction to the professional compo-
15 nent of imaging services.

16 (5) CMS acknowledged its responsibility to dis-
17 close this data in the Calendar Year 2015 Medicare
18 Physician Fee Schedule Notice of Proposed Rule
19 Making (NPRM) released on July 11, 2014, as well
20 as in a letter from the Administrator on August 18,
21 2014.

22 (6) To date, CMS has not complied with the
23 statutory mandate provided for in section 220(i) of
24 Public Law 113–93.

1 **SEC. 3. MEDICARE PAYMENT FOR IMAGING SERVICES.**

2 Section 1848(b)(4) of the Social Security Act (42
3 U.S.C. 1395w–4(b)(4)) is amended by adding at the end
4 the following new subparagraph:

5 “(E) ELIMINATION OF APPLICATION OF
6 MULTIPLE PROCEDURE PAYMENT REDUC-
7 TION.—

8 “(i) IN GENERAL.—The Secretary
9 shall not apply a multiple procedure pay-
10 ment reduction policy to the professional
11 component of imaging services—

12 “(I) furnished on a date that is
13 more than 60 days after the date of
14 the enactment of this subparagraph
15 and in the year in which this subpara-
16 graph is enacted; or

17 “(II) furnished in any subsequent
18 year that is prior to a year in which
19 the Secretary conducts and publishes,
20 as part of the Medicare Physician Fee
21 Schedule Proposed Rule for a year,
22 the empirical analysis described in
23 clause (ii).

24 “(ii) EMPIRICAL ANALYSIS DE-
25 SCRIBED.—The empirical analysis de-
26 scribed in this clause is an analysis of the

Resource-Based Relative Value Scale (commonly known as the ‘RBRVS’) Data Manager information that is used to determine what, if any, efficiencies exist within the professional component of imaging services when two or more studies are performed on the same patient on the same day. Such empirical analysis shall include—

“(I) work sheets and other information detailing which physician work activities performed given the typical vignettes were assigned reduction percentages of 0, 25, 50, 75 and 100 percent;

“(II) a discussion of the clinical aspects that informed the assignment of the reduction percentages described in subclause (I);

“(III) an explanation of how the percentage reductions for pre-, intra- and post-service work were determined and calculated; and

“(IV) a demonstration that the Centers for Medicare & Medicaid Services has consulted with practicing

1 radiologists to gain knowledge of how
2 radiologists interpret studies of mul-
3 tiple body parts on the same indi-
4 vidual on the same day.”.
